Life Science Connect: Living Happily Ever After With Your Cell Therapy Facility: Where Do You Start?

September 20, 2021

In recent months, I watched an Endpoints News webinar entitled, “Strategies For Building A Cell Therapy Manufacturing Facility.” The webinar, which included executives from Tenaya Therapeutics, Iovance, Kite Pharma, and Instil Bio, provided some great considerations and best practices for those of you who have chosen to take the plunge into building your own capacity.
